Dracorin® CE No. 614035

Natural, Edible Emulsifier for Modern O/W Creams and Lotions

BENEFITS

- PEG-free emulsifier, completely vegetable-based
- Free of solvent residues
- Approved for use as an emulsifier in foods
- Because of its high tolerability especially recommended, for sensitive skin
- Well suited for making emulsions with a slightly acidic pH-value (corresponding to the natural pH-value of human skin)
- Supports the consistency and the oil binding capacity
- Can also be used as co-emulsifier for PEG-free formulations

PRODUCT DESCRIPTION

- Anionic O/W emulsifier in pellet form
- Combination of glycerin mono-/distearates and citric acid esters from mono- and diglycerides
- INCI name: Glyceryl Stearate Citrate
- Dosage: 1.5 - 3.0%

REJUVENATING DAY CREAM O/W WITH Dracorin® CE
