# Product Portfolio

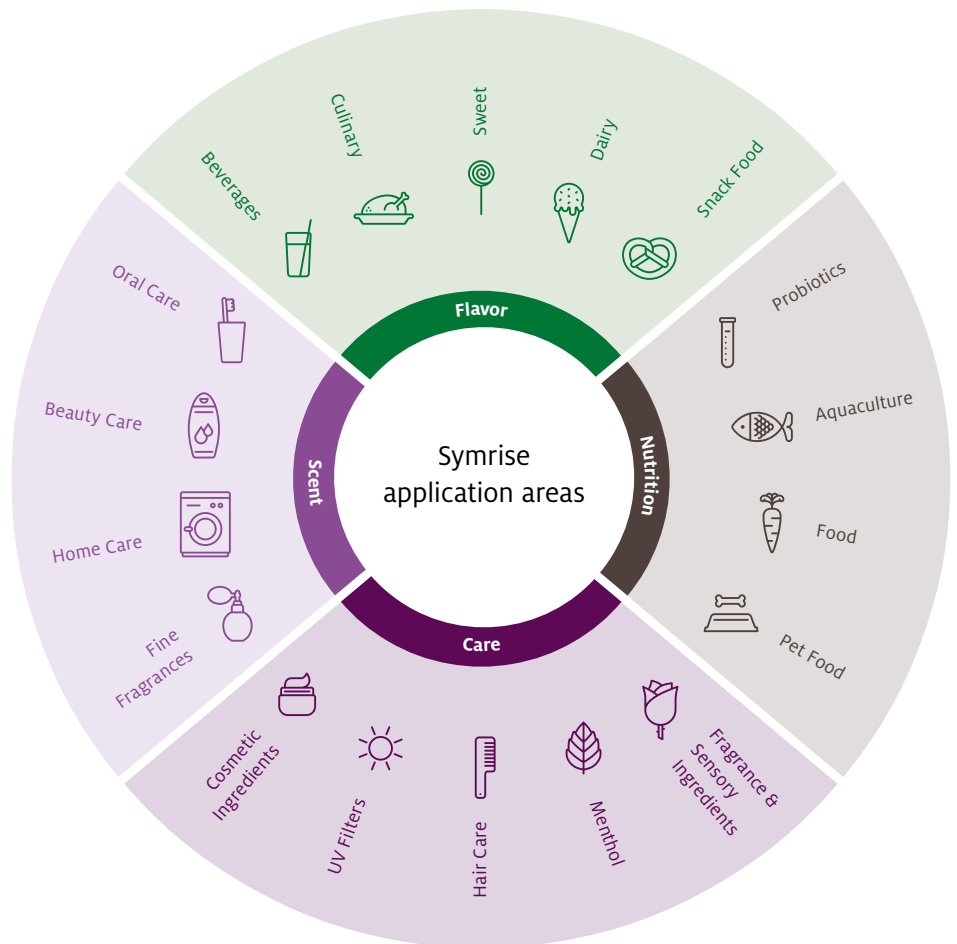

Symrise develops, produces and sells fragrances and flavorings, cosmetic active ingredients and raw materials as well as functional ingredients and solutions that enhance the sensory properties and nutrition of various products. The customers include manufacturers of perfumes, cosmetics and foods, the pharmaceutical industry and producers of nutritional supplements, pet food and baby food.

**The Flavor segment** contains the Beverages, Savory and Sweet business units. Flavor develops, produces, and sells flavors and functional ingredients for use in foods, beverages and health products. This includes culinary products and snacks, sweets and desserts, dairy products and ice cream, and beverages and nutritional supplements.

**The Nutrition segment** consists of the Diana division and the business units Food, Pet Food, Aqua and Probi. Diana develops tailor-made solutions from natural raw materials, which help to improve the sensorial and nutritional performance of its customers' products. This includes sensorial and nutritional solutions to reinforce its customers' benefits in the food industry, as well as natural and functional food solutions and palatability enhancers for pet food. Another area are plant cell cultures dedicated to actives synthesis for the food, health and cosmetics industries.

**The Scent & Care segment** breaks down into the Fragrance, Cosmetic Ingredients and Aroma Molecules divisions. Scent & Care is subdivided into three divisions: Fragrances, Cosmetic Ingredients and Aroma Molecules. They produce and sell fragrances, cosmetic

ingredients, aroma molecules and mint aromas. They are used in the manufacture of perfumes, personal care and cosmetic products, cleaning products and detergents, home fragrances and oral care products.
